SUBJECT: BLUE LANTERN LEVEL 3: PRE-LICENSE END-USE CHECK
ON APPLICATION 05-050103333

REF: 2006 BLUE LANTERN GUIDEBOOK

¶1. This is an Action Request. See paragraphs 2-4.

¶2. The Department's Office of Defense Trade Controls Compliance (PM/DTCC) requests AIT Taipei's and Post's assistance in conducting a pre-license check on application 05-050103333 for the export of defense hardware to Taiwan. It is requested that you complete this Blue Lantern inquiry within 30 days. Lack of response to a Blue Lantern inquiry will affect pending and future licenses involving parties to this license.

¶3. Reason for request: Unable to verify bona fides of foreign consignee, Junsdom Solutions, in proposed transaction. Open-source information indicates that it may be based in mainland China.

¶4. Action AIT Taipei: Department requests that AIT Taipei contact Chung Shan Institute of Technology and determine whether that entity placed an order for the items listed below for the purpose stated on the application. If so, determine whether any other Taiwan-based firm is involved in the procurement of the items. Remind the end-user that the unauthorized re-export or retransfer of United States Munitions List (USML) items is strictly prohibited.

Action Ottawa: Department requests that Post establish the bona fides of foreign consignee Junsdom Solutions Co. Ltd as a responsible recipient of USML items. Conduct a site visit to assess the company's reliability as a recipient of USML articles, and assess its operations and on-site security. Emphasize that the unauthorized re-export or retransfer of USML items is strictly prohibited.

The following questions provide suggested guidance:

(To Junsdom Solutions Co., Ltd.)

- Please confirm an order to be shipped under license 05-050103333.

- How long has your company been in the business of importing and selling defense articles? What other products are sold by your company? Does your company do business (or has it done business) under any other names?

- Does your company conduct business involving USML articles with any countries besides Taiwan? If so, where? If your company has offices overseas, where are they located?

- Are you familiar with the restrictions against the unauthorized re-export or retransfer of U.S.-origin defense articles?

End Action Request.
